The **Gemstone** 1410-V lavatory bowl is the perfect bowl for tight places. This bowl is used in RV's, boats, small residential and commercial bathrooms where space, aesthetics, and performance are a premium. The 1410-VO has a smooth integral (non-corrugated) overflow which minimizes trapped bacteria in the overflow tube itself.

Gemstone Sinks are compatible and warranted when used with all major solid surface sheet brands (acrylic and polyester) with the same sheet warranties.

 **Gemstone** supports conservation and green building practices and may contribute toward achieving LEED® building certification in commercial projects. All Gemstone Sinks use resin containing 15% post-consumer recycled content and 5.5% rapidly renewable materials.

 **Gemstone** sinks are proudly made in the USA.

Gemstone sinks are certified by:
