

## 1514-VO-ADA Lavatory Bowl

### 1514-VO-ADA

I.D.: 15 1/4" x 13 7/8"

Depth: 5 1/4"\*

\*Depth does not include counter top thickness

The **Gemstone** 1514-VO with side overflow ADA lavatory shape allows the vanity bowl to be placed as close to the front of the top as needed without compromising ADA conformance. The offset drain prevents splash out when using commercial drain grid strainers. This bowl is ideal for hospital and clinical applications where Infection control and design are priorities as well as restaurants and other public spaces, while not sacrificing performance. This bowl has a side overflow. **Gemstone Sinks** are compatible and warranted when used with all major solid surface sheet brands (acrylic and polyester) with the same sheet warranties.

 **Gemstone** supports conservation and green building practices and may contribute toward achieving LEED® building certification in commercial projects. All Gemstone Sinks use resin containing 15% post-consumer recycled content and 5.5% rapidly renewable materials.

 **Gemstone** sinks are proudly made in the USA.

**Gemstone** sinks are certified by:

**NAHB** (ANSI Z124.3)

**UL** in the US and Canada (ANSI Z124.3 & B45.0-99)
