The **Gemstone** 1812-VO Universal Design lavatory bowl is part of Gemstone's commitment to design that is appealing to all. Design, function, performance are critical for today's architects, designers and homeowners. The 1812-VO is ideal for all applications, residential, clinical, commercial, restaurants and laboratories. The depth of the bowl allows for ADA applications all the way to 17" depths, something most bowls can not do. The 1812-VO has a smooth overflow tube which maximizes infection control in hospital applications in a bowl requiring an overflow.

Gemstone Sinks are compatible and warranted when used with all major solid surface sheet brands (acrylic and polyester) with the same sheet warranties.
