The **Gemstone** 1914-VO lavatory bowl is a larger bowl with nice symmetry. This bowl is used in all applications including residential, commercial, healthcare, hospitality, and more. The 1914-VO has a smooth integral (non-corrugated) overflow which minimized trapped bacteria in the overflow tube itself. Gemstone **Sinks** are compatible and warranted when used with all major solid surface sheet brands (acrylic and polyester) with the same sheet warranties.

Gemstone supports conservation and green building practices and may contribute toward achieving LEED® building certification in commercial projects. All Gemstone Sinks use resin containing 15% post-consumer recycled content and 5.5% rapidly renewable materials.

Gemstone sinks are proudly made in the USA.

Gemstone sinks are certified by: **NAHB** (ANSI Z124.6)
UL in the US and Canada (ANSI Z124.6 & B45.0-99)
